## Does Anthem plant trees on my property?

In Phases 10 and 23, on Creekside Drive, Anthem will be providing private lot trees to enhance the streetscape. Please consult with your homebuilder to learn more.

In all other areas, Sirocco is a part of the City's Complete Streets initiative, where trees are planted in the road right of way along each street.

The road right of way (or boulevard) adjacent to your property is land that is actually owned by the City and maintained by you. The City uses this land for snow stock piling, road maintenance or other items as required.

## What is the Complete Streets Tree Planting Program?

Complete Streets is one of the many reasons why Sirocco is the perfect place to call home. It's an initiative designed to enhance residential streets with added colour, shade and natural protection by planting and caring for trees along public roads.

Anthem, and then afterward the City of Calgary, will maintain these trees but not the grass below, which will grow wild and free until you rein it in with your expert mowing skills.

To find out more, email [calgary@anthemproperties.com](mailto:calgary@anthemproperties.com), or get more information about the program on the (<https://www.calgary.ca/planning/transportation/complete-streets.html>)
